General Comments

Prior to the Building Act 1991, which came into effect 1st July 1992, under the building *permit* regime, there was no legal requirement for Council to keep or provide records of building work, although it was necessary for owners to carry out work to comply with bylaw requirements.

Council holds most information in reference to records of permits issued; however with some permits often little or no information is available. Council does not accept responsibility for any omission regarding the records held.

If you require further information on the above, you are advised to contact council's building helpdesk on (09) 301 0101.

Council sometimes holds copies of third party Building Condition Reports (also known as Safe & Sanitary Reports) and reports for previously known Unauthorised Work. These reports have been written by independent (non Council) consultants. Council is not responsible for the information contained in these reports or the accuracy of them. They are held on file for reference only.

It is important that purchasers also carry out a property file search, to ensure that approved Council plans match what exists on site.

Unauthorised work may require a COA (Certificate of Acceptance) issued by Council.

If you require further information on the above, you are advised to contact council's building helpdesk on (09) 301 0101.
